

RM-CESU 2003 Project Report Summary

RM-CESU Total Projects for 2003

	RM-CESU	NPS	BLM	USFS	USGS
Total	108	77	25	3	3
Research	56	38	13	2	3
Technical Assistance	45	32	12	1	
Education	7	7			

RM-CESU Total Funds moved through CESU Agreement in 2003

RM-CESU Total	NPS	BLM	USFS	USGS
\$6,770,484	\$2,022,119	\$2,775,246	\$1,775,000	\$199,119

Number of Projects and Funds to each University using the CESU Agreement in 2003

	NPS		BLM		USFS		USGS	
	#	\$	#	\$	#	\$	#	\$
University of Colorado	11	328,315						
Montana State University	15	292,451	2	62,575				
Salish Kootenai College	1	6,507						
University of Idaho	2	20,260	7	166,862	1	199,000		
University of Montana	16	403,262	16	2,254,809	2	1,575,000	2	168,254
Utah State University	11	293,069						
Washington State University	1	4,000						
University of Wyoming	20	674,255					1	30,865

RM-CESU Strategic Directions:

Theme A: Understanding Ecosystem Change	95%
Theme B: University Agency Interaction and Collaboration	94%
Theme C: Enhancing Dialogue	98%

RM-CESU Strategic Themes:**Theme A: Understanding Ecosystem Change**

Theme A1: Understanding and addressing changing resource demands	9%
Theme A2: Understanding and addressing changing ecosystems and landscapes resulting from human impacts in a social, economic, and ecological context	56%
Theme A3: Understanding and addressing changing cultural milieu	11%
Theme A4: Understanding and addressing changing economic systems.	5%
Theme A5: Understanding and addressing national concern about impacts on the national legacy of wild Rockies.	18%
Theme A6: Understanding and educating about Wilderness and other protected natural areas.	1%

Theme B: University Agency Interaction and Collaboration

Theme B1: Facilitating effective dialogue and common understanding between researchers and managers.	44%
Theme B2: Facilitating effectively dealing with increasing pressure on cooperative relations and working relationships between scientist and managers.	39%
Theme B3: Facilitating and acting on emerging needs for the development and training relative to systems and tools in today's changing management.	17%

Theme C: Enhancing Dialogue

Theme C1: Heightened national and local concern for conservation and wilderness issues.	7%
Theme C2: Addressing an increasing need for science-informed management.	83%
Theme C3: Addressing the need for understanding and developing effective communication skills and common understanding among culturally diverse segment of society.	10%
