**About Lubrecht**

In 1937, the Anaconda Copper Company donated 19,058 acres to the Montana Forest & Conservation Experiment Station (MFCES), the University of Montana’s research agency. Northern Pacific Railroad donated an additional 1,210 acres and smaller tracts have been added over time to bring to today’s total of 28,000 acres. Most of Lubrecht Forest is owned and managed by the College of Forestry and Conservation, with a small portion owned by the Montana Department of Natural Resources. Check out www.cfc.umt.edu/lubrecht to make a reservation to stay at Lubrecht Forest.

**Directions to Lubrecht Forest**

From Missoula, travel on I-90 East. Exit 109 (Bonner/Great Falls/Hwy 200). Proceed east on Hwy 200. Continue past mile marker 22 (Garnet Range Rd.) for 0.2 miles. Turn right at Lubrecht Forest sign. At the road fork at the entrance, turn right for ski trail parking area.

**Cross country Skiing**

- Lubrecht has 12.6 miles of ski trails. Some of the loops have shared sections of trails.
- Trail conditions vary depending on snow, temperature and weather. Ski within your ability as trails can become icy.
- If skiing with dogs, please keep them under control.
- All trails are two-way.
- Trails are groomed for weekend skiing as snow conditions permit.

Please consider making a donation to offset grooming and trail maintenance costs.

**IF YOU ARE LOST**

Stop - Look at your surroundings. Let the fear of being lost pass.

Think - Analyze your situation: weather, terrain, physical condition & immediate needs.

Organize - Look at your personal resources: energy, food, maps, etc and organize them.

Plan - Lay out a course of action which is in line with your resources and situation.

**LUBRECHT FOREST**

Trails owned and managed by Lubrecht Forest - College of Forestry & Conservation
