**Forest Restoration Communications Internship:** a local forest restoration group, the Southwestern Crown Collaborative, is seeking a part-time intern to assist with improving and maintaining the group’s website (www.swcrown.org). Candidates should be well-versed in WordPress tools and have some background in creating attractive webpage designs. Proficiency with photo-editing software such as Adobe Photoshop and understanding of current accessibility and security practices in web design is also preferred. Most of the work will be technical in nature, although assisting with content development may also be possible. Consequently, some familiarity with the subject matter is preferred though not required. Pay is $10/hour for 5-8 hours of work per week for 15 weeks (the fall semester). The successful candidate will work remotely and their schedule can be flexible. They will need to work from own computer, but any necessary software will be provided. Students can receive academic credit (NRSM 498) if desired, but not required. Please send a brief cover letter stating your interest in the position and a resume describing your relevant experience to cory.davis@umontana.edu.
