**Schedule:** Full-Time  
**Job Type:** Internship  
**Shift:** Days

**WEYERHAEUSER IS AN EQUAL OPPORTUNITY EMPLOYER BUILDING A CAPABLE, COMMITTED, DIVERSE WORKFORCE.**

---

**JOB OVERVIEW**

**Forest Management Intern** (both winter and summer assignments available)

A "summer assignment" forestry management intern will gain experience in site preparation, fire protection, Geographic Information Systems (GIS) mapping, thinning unit layout, timber cruising/inventory, plantation audit work, as well as auditing/supervising contractors. A "winter assignment" intern will gain experience in planting inspections, aerial spray operations, GIS mapping, tree grading and animal damage control.

**Forest Engineering Intern**

An engineering intern will perform a variety of tasks associated with the field layout and permitting of harvest units and road construction. Field work will include stream buffer measurement and marking, road location and traversing, unstable slope delineation, and unit boundary design. Typical office work includes map production via geographical information systems (GIS) and writing of forest practice permits. There will also be opportunities to work with logging crews to better understand the role between harvesting and engineering.

**2016 Intern Positions** (each of the above intern positions may also spend time setting chokers on a rigging crew)

**JOB REQUIREMENTS**

- Have completed at least one year of college.
- Maintained a GPA of 3.0 or higher.
- Capacity to work both independently and in a team setting, adhering to all safety expectations.
- Have an interest in hands-on work in an outdoor environment.
- Demonstrable skills in computer applications as they relate to the discipline.
- Ability to understand and implement the applicable regulatory laws into the course of the assignments.
- Willing to be assigned to any location within Oregon and Washington, often in rural locations.
- Possess a valid driver's license.
- Successfully complete a background check, pre-employment physical and drug screen.

**WHAT WE OFFER**

For completing corresponding year prior to starting assignment: freshman $14.50/hr, sophomore $15.50/hr, junior $16.50, first senior year of dual degree $17.50, Bachelors degree $18.50, first year of masters $21.50. In addition, we will pay mileage to/from the internship assignment and a $1,000 stipend to those that need to relocate.

Safety and the prevention of injuries and unsafe conditions is our highest priority. The ability to work safely is required and includes strict adherence to forest operations safety procedures, taking the personal initiative to work safely one-hundred percent of the time, contributing to the safety of your other team members, and maintaining a safe work environment.

**WHO WE ARE**

At Weyerhaeuser, we’re working together to grow a truly great company for our shareholders, customers and employees. We’re serious about safety, focused on performance and proud of what we do. In every corner of our company, you’ll find talented people who care about each other, the communities where we operate, and the planet we all share.
