Mills Lab Work-Study Opportunity

**Job Title:** Animal Technician  
**Job Type:** work-study  
**Department:** Wildlife Biology  
**Hours:** 10-15 hours a week  
**Work Start Date:** June 12th, 2020

**Description:** You will be responsible for the care and welfare of captive snowshoe hares. This entails cleaning cages and other equipment, feeding and watering, supplying enrichment, maintaining records, handling and moving the animals safely, monitoring the health of the animals, obtaining samples and measurements, and ensuring the hares are clean and comfortable.

**Qualifications:** Must be an undergraduate at the University of Montana with work-study funds. Wildlife Biology (or similar major) preferred. Must be responsible, work well on your own and with other people. Must be very detail orientated and able to follow instructions with precision. Good communication skills are necessary, as you will be working with various professionals. You must abide by high ethical standards. Experience with animal handling and care is a plus.

**How to Apply:** Email a letter of interest, resume, 3 references, and available hours to Lindsey.Barnard@umontana.edu

**Closing Date:** June 26th, 2020
